

## *I promise...*

To protect and defend the Constitution of the United States.

To uphold Federal, State, County, and Seattle laws.

To do only the job for which I'm elected and no other.

To treat all people as my equals.

To make government equally accessible to everyone.

To respect our police and require them to follow the law.

To require city government to live within its means.

To hold city officials accountable to do their jobs.

To work in good faith with the Mayor and the other councilmembers.

To lead by example.

To make Seattle a better place.

To not seek a second term.

Signed
